Empowering the Next Generation of Dreamers

TigerMe

**2026**

Every student deserves a fair chance at their dream school, not just the ones who can afford private college coaches. TigerMe is the world's first AI powered admissions platform that helps students eliminate guesswork and make confident, data driven decisions about their future.

# Our Mission

TigerMe was created to close the opportunity gap in college admissions. Millions of students lack access to guidance, transparency, and personalized support. The very resources that often determine who gets into selective colleges. Our platform delivers powerful, data driven tools at a fraction of the traditional cost, giving every student a fair shot at building the future they dream of.
